

VDL NEDCAR

CREATING TOMORROW TODAY

WHAT DISTINGUISHES US?

- › From single prototype production to high volume manufacturing
- › For start-ups, scale-ups and OEMs
- › Near proximity to EU's top part suppliers
- › Excellent infrastructure by road, rail, water and air
- › Highly flexible production process
- › Rewarded with 7 JD power awards

BEYOND MANUFACTURING VEHICLES

VDL Nedcar is the only independent Vehicle Contract Manufacturer in the Netherlands. Our aim is to support our customers out in every possible way. This goes far beyond only manufacturing vehicles. We realise high-quality mobility solutions, but also operate throughout the value chain with several services. From codeveloping and shaping our customers' initial ideas to manufacturing and excellent after sales support.
